COLORX COLLECTION

FOR ELEGANT & CHIC INTERIORS

Every design is a journey, and at The Wood Element, everything is about quality. We're passionate about design, and we want to make every story a perfect gemstone for your dream. Every design deserves to be properly represented, especially in the luxury segment.

We are so delighted to present Colorx, our most vibrant line of veneers.

Colorx veneers are our way of giving you a unique & personal touch. Our commitment to the design community has always been to offer the most innovative products with the highest standards of quality maintained. Now, we're making it even easier for you to bring your vision to life, with Colorx veneers from The Wood Element.

We hope you enjoy the journey with us as much as we do!

PLEASE NOTE

This collection is not a Dyed Veneer.

These panels come with OPEN GRAINS.

Colorx veneers are technically PRE-FINISHED panels. If one wants to polish the same, then it is suggested to use only 2K ACRYLIC PU (Anti yellowing coats)

NO NAILING to be done while using this collection, otherwise finishing the surface would be very difficult.

Standard nail free glues can be used to apply these veneer panels.

NO SANDING to be done. If at all one wish to do the same for better smoothness, then they can use 400 number sanding paper with soft hands.

Panel surface consist of scratch resistant films for protection.

DO NOT CLEAN THE VENEER WITH

Thinner

Solvent

Chemical

SOLUTIONS

Colorx collection also take care of your finishing or colour matching needs. Same shade colours are available in 50ml tins.
